## Things you need to know

This guide has been prepared to help you plan your journey to school. It contains a general overview of the services that operate to and from schools in Broome.

We run dedicated School Specials in Broome.

Each service in this brochure is accurate as at the date on the cover, however, as changes are made to school services throughout the year, we recommend that you plan your journey before travelling.

### Dedicated School Specials

As the name suggests, dedicated School Specials are for schools only and can only be caught if you are heading to or from school. They will only pick students up when heading to a school and drop students off when departing a school.

To help you plan your journey, this guide contains a map for each School Special operating in Broome.

### Planning your journey

While this guide will show you where all the services operate, to find out when they operate you will need to plan your journey.

The best way to do that is by using the online JourneyPlanner, or download the Transperth app.

If you are planning your journey in the school holidays, don't forget to change the date on the JourneyPlanner to a school day.

If you are planning your journey at the start of the year, wait until two weeks before school starts for the most accurate results as we change services at the beginning of each year.

# TransBroome School Services

## MultiRider – Available for student fares

MultiRiders are available in Broome.

In order to take advantage the student fare available to school students, you will need to purchase a MultiRider.

These are discounted pre-purchased paper tickets and are available in booklets of 10 and can be purchased from the bus driver.
